Conditions

Permit fee is \$50.00 (101 3202.00) and deposit bond is in the amount equal to the project (712 5703 00). Contractor is responsible for notifying INDIANA UNDERGROUND PLANT PROTECTION SERVICES (IUPPS), "HOLEY-MOLEY", 1-800-382-5544, and prior to beginning any work. The Town is an IUPPS member but not all utilities are members.

The contractor must also notify non-members utilities. The contractor is responsible for providing all necessary flagmen, construction signs, barricades, traffic cones, and any and all other devices required to provide warning of and protection for the work.

All payments must be saw cut. All cuts must be straight and smooth. All excavated materials must be removed from the site and disposed of by the permittee. Note: During the months of November through April when hot asphalt may not be available, the permittee will make temporary or final pavement restoration as directed by the Clear Lake Superintendent. Prior to placing any backfill and also prior to placing any pavement, the permittee must notify the Clear Lake Superintendent at 260-495-9158 for an inspection.

When the work is completed, the permittee may request an inspection by the Town Superintendent. If the work is satisfactory and accepted by the Town Board, the deposit bond will be refunded. If the work is unsatisfactory, all or part of the deposit bond may be retained by the Town to correct the unsatisfactory work.

Any inspection by the Town of Clear Lake shall in no way relieve the permittee of any duty or responsibility to the general public nor shall such services and/or control by the Town of Clear Lake relieve the permittee from any liability for loss, damages or injuries to persons or adjacent property owners.

I acknowledge receipt of a copy of Road Cut Specifications and I agree to complete the work in accordance with said ORDINANCE and this permit.
